In Gods And Psychopaths, Louis Park argues that the world we live in is dominated by two competing forces: gods and psychopaths. Gods represent the forces of good, compassion, and creativity, while psychopaths represent the forces of evil, greed, and destruction.

Park shows how gods and psychopaths have been at war with each other since the beginning of time. He traces the history of this war from the ancient myths and legends to the present day.

Park argues that the psychopaths are winning the war. They have used their power and influence to create a world that is increasingly unjust, unequal, and unsustainable.

But Park also believes that there is hope. He shows how the gods can be defeated and how we can create a better world.

Gods And Psychopaths is a powerful and disturbing book. It is a must-read for anyone who wants to understand the world we live in and who wants to make a difference.
