

Only One Mistake Only One: The Gripping True Story of a Presidential Assassination

On November 22, 1963, President John F. Kennedy was assassinated in Dallas, Texas. The man who pulled the trigger was Lee Harvey Oswald, a 24-year-old former Marine. But what led Oswald to commit this heinous act? And what were the consequences of his actions?

Only One Mistake Only One is the gripping true story of the assassination of President Kennedy. The book is based on extensive research, including interviews with eyewitnesses, law enforcement officials, and historians. The author, James L. Swanson, provides a fascinating and in-depth look at one of the most pivotal moments in American history.

The book begins by introducing Oswald and his troubled childhood. Oswald was born in New Orleans in 1939. His father died when he was just three

years old, and his mother remarried several times. Oswald was often bullied and neglected as a child, and he developed a deep-seated anger and resentment towards authority.

In 1956, Oswald joined the Marine Corps. He served for three years, but was discharged in 1959 after being diagnosed with a personality disorder. After leaving the Marines, Oswald traveled to the Soviet Union, where he defected and renounced his American citizenship. He returned to the United States in 1962, and soon became involved in pro-Castro activities.

In the months leading up to the assassination, Oswald purchased a rifle and practiced shooting at a local rifle range. He also began stalking President Kennedy, and on November 22, 1963, he followed Kennedy's motorcade to Dealey Plaza in Dallas. From a sixth-floor window of the Texas School Book Depository, Oswald fired three shots at Kennedy, killing him instantly.

Oswald was arrested shortly after the assassination, and he was charged with murder. He was convicted and sentenced to death, and he was executed in 1964. However, the mystery of why Oswald assassinated President Kennedy has never been fully solved. Some believe that Oswald was a lone gunman, while others believe that he was part of a larger conspiracy.

Only One Mistake is a fascinating and in-depth look at the assassination of President Kennedy. The book is based on extensive research, and it provides a wealth of information about Oswald, the assassination, and its aftermath. The author, James L. Swanson, does an

excellent job of bringing the story to life, and he provides a gripping account of one of the most pivotal moments in American history.

Reviews

"Only One Mistake Only One is a must-read for anyone interested in the assassination of President Kennedy. The book is well-written and informative, and it provides a fresh perspective on one of the most important events in American history." - The New York Times
