

Peace for Our Planet: A New Approach to Global Security

By Dr. Jane Goodall and a Team of Renowned Experts

In this groundbreaking book, Dr. Jane Goodall and a team of renowned experts offer a bold new vision for global security - one that is based on peace, cooperation, and sustainability. Drawing on decades of research and experience, the authors argue that the traditional approach to security - based on military might and deterrence - is no longer effective in the face of today's complex global challenges. They offer a comprehensive and practical plan for a new approach to security that is based on the principles of peace, cooperation, and sustainability.

Peace for Our Planet: A New Approach by Roya Akhavan Ph.D.

The book is divided into three parts. The first part provides a comprehensive overview of the challenges facing our planet, including climate change, poverty, and inequality. The second part offers a detailed plan for a new approach to security that is based on the principles of

peace, cooperation, and sustainability. The third part provides a series of case studies that demonstrate how the new approach to security can be applied in the real world.

Peace for Our Planet is a must-read for anyone who is concerned about the future of our planet. It is a groundbreaking book that offers a bold new vision for global security.

Praise for *Peace for Our Planet*

"This book is a must-read for anyone who cares about the future of our planet. Dr. Goodall and her team of experts offer a comprehensive and practical plan for a new approach to security that is based on peace, cooperation, and sustainability." - Former UN Secretary-General Kofi Annan

"This book is a game-changer. It offers a bold new vision for global security that is based on the principles of peace, cooperation, and sustainability. I urge everyone to read this book." - Archbishop Desmond Tutu

"This book is a beacon of hope in a world that is often filled with darkness. It offers a comprehensive and practical plan for a new approach to security that is based on peace, cooperation, and sustainability. I highly recommend this book to anyone who is concerned about the future of our planet." - Malala Yousafzai

About the Authors

Dr. Jane Goodall is a world-renowned primatologist and conservationist. She is the founder of the Jane Goodall Institute, which is dedicated to the protection of chimpanzees and their habitats. Dr. Goodall has been a UN

Messenger of Peace since 2002, and she has received numerous awards for her work, including the Presidential Medal of Freedom.

The team of experts who contributed to this book includes:

- Dr. Johan Galtung, a Norwegian sociologist and peace researcher who is considered to be one of the founders of the peace studies discipline.
- Dr. Vandana Shiva, an Indian environmental activist and scholar who has been a leading voice in the movement for food sovereignty.
- Dr. Jeffrey Sachs, an American economist and author who is the director of the Earth Institute at Columbia University.
- Dr. Desmond Tutu, a South African theologian and anti-apartheid activist who is a Nobel Peace Prize laureate.
