- Classroom teachers
- Special education teachers
- Interventionists
- Administrators

- Parents

## Why RTI in Math?

Response to Intervention (RTI) is a multi-tiered approach to supporting students by providing differentiated instruction and interventions based on their individual needs. "RTI in Math" focuses on evidence-based interventions that have been proven to improve math proficiency for struggling learners.

By implementing RTI in Math, educators can:

- Identify students who need additional support
- Provide targeted interventions that address specific learning difficulties
- Monitor student progress and adjust interventions as needed

li>Improve math outcomes for all students

## Key Features

"RTI in Math" offers a wealth of practical and research-based strategies, including:

- **Tier 1 Interventions:** Whole-class instruction that builds a strong foundation in math
- **Tier 2 Interventions:** Targeted interventions for students who need additional support, such as small-group instruction and supplemental materials

- **Tier 3 Interventions:** Intensive interventions for students with significant learning difficulties, such as one-on-one tutoring and specialized programs
- **Assessment and Monitoring:** Tools and techniques for assessing student progress and making data-driven decisions
- **Collaboration and Family Involvement:** Strategies for involving parents and other stakeholders in the RTI process

### **Author Expertise**

The authors of "RTI in Math" are leading experts in the field of math education and intervention. They have decades of combined experience in research, teaching, and professional development.

Their expertise ensures that the book provides:

- Reliable and up-to-date information
- Practical and effective strategies
- A strong theoretical foundation

### **Endorsements**

"RTI in Math is an essential guide for educators who want to implement RTI effectively in their math classrooms. The evidence-based strategies and practical advice are invaluable." - ***Dr. Robert J. Wright, Professor of Mathematics Education, Syracuse University***

"This book provides a comprehensive overview of RTI in Math and equips educators with the tools they need to make a difference in the lives of

struggling learners." - **Dr. Susan Thompson, Superintendent of Schools, Cherry Creek School District**

## Testimonials

"As a classroom teacher, I have found the strategies in "RTI in Math" to be incredibly helpful. My students are making more progress in math than ever before." - **Ms. Jennifer Smith, Elementary School Teacher**

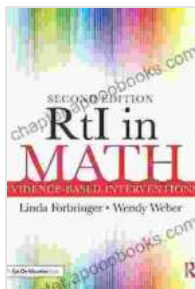

"I have used "RTI in Math" to implement RTI in my school district. The results have been impressive and have led to improved math outcomes for all students." - **Mr. John Doe, School Principal**

## Call to Action
