The book is divided into three parts. Part I provides an overview of the theory and research on feedback. Part II discusses the different types of feedback that educators can provide, and how to use them effectively. Part III provides practical tips and strategies for providing feedback to students in a variety of settings.

This book is a valuable resource for educators at all levels. It provides a clear and concise overview of the research on feedback, and offers

practical guidance on how to use feedback to improve student learning.
