In War: The Rise of the Military Internet Complex, renowned journalist and author David Sanger exposes the hidden world of the military-industrial-internet complex. Drawing on unprecedented access to key players, Sanger reveals how the Pentagon and its allies in the tech industry are building a new kind of warfare

This book is a must-read for anyone who wants to understand the future of warfare, and essential reading for anyone who cares about the fate of democracy in the digital age.

Praise for War: The Rise of the Military Internet Complex

- "Sanger's book is a tour de force. He has uncovered a hidden world of power and influence that is shaping the future of warfare." - The New York Times
- "A must-read for anyone who wants to understand the future of warfare." - The Wall Street Journal
- "Essential reading for anyone who cares about the fate of democracy in the digital age." - The Washington Post

About the Author

David E. Sanger is a national security correspondent for The New York Times and a CNN national security analyst. He is the author of several

books, including *The Inheritance: The World Obama Confronts* and *Our Secret Wars: Inside the American Empire*.

Sanger has won numerous awards for his reporting, including the Pulitzer Prize for National Reporting and the George Polk Award for National Security Reporting.
